Let Us Know If You're Attending

Visit the SANDAGregion Facebook page to attend the **"Network Themes Subregional Open House - Central San Diego"** event, or contact Ariel Jacome-Lopez, SANDAG Regional Planning, at aja@sandag.org or (619) 699-7388.

What transportation issues are most important for your quality of life?

SANDAG wants your input on factors to consider as we develop transportation network scenarios for the 2019 Regional Plan.

The open house will include an interactive tour of components considered in the transportation network scenario development process, including transit, Managed Lanes/highways, emerging technologies and services, environment/climate change, public health, and the economy.

Visit information stations to learn more and share your thoughts. You can speak with staff directly, complete a survey, and/or submit a comment card about what you envision for San Diego's future.

Draft transportation network scenarios will be available for public input in summer 2018 and a preferred scenario, which will form the core of the 2019 Regional Plan, will be selected by the Board of Directors in fall 2018.

If you can't attend the open house, you can still provide your input through an online survey that will be available from April 23-May 10. Printed surveys will be available through our community partners listed above.

You're invited to get involved and stay informed. Subscribe to receive email updates at SDForward.com/subscribe or contact the CBO partners listed above.
