

2019 Regional Plan Policy Objectives

The policy objectives for San Diego Forward: The 2019-2050 Regional Plan provide a broad context in which local and regional decisions can be made that foster a healthy environment, a vibrant economy, and a high quality of life for all. They also provide a framework for specific actions that the region can take to achieve the plan's goals, realize its vision, and measure progress.

- Provide safe, secure, healthy, affordable, and convenient travel choices between the places where people live, work, and play.
- Take advantage of new technologies to make the transportation system more efficient and environmentally friendly.
- Ensure system preservation, asset management, and State of Good Repair.

- Invest in transportation projects that provide access for all communities to a variety of jobs with competitive wages.
- Build infrastructure that makes the movement of freight in our community more efficient and environmentally friendly.

- Create great places for everyone to live, work, and play.
- Connect communities through a variety of transportation choices that promote healthy lifestyles, including walking and biking.

- Focus growth in areas that are already urbanized, allowing the region to set aside and restore more open space in our less developed areas.
- Protect and restore our region's urban canyons, coastlines, beaches, and water resources.

- Collaborate with Native American tribes, Mexico, military bases, neighboring counties, infrastructure providers, the private sector, and local communities to design a transportation system that connects to the mega-region and national network, and works for everyone and fosters a high quality of life for all.
- As we plan for our region, recognize the vital economic, environmental, cultural, and community linkages between the San Diego region and Baja California.

- Make transportation investments that result in cleaner air, environmental protection, conservation, efficiency, and sustainable living and address climate change.
- Support energy programs that promote sustainability.
